

Case Study: Global Corporate Indian Operations

The Challenge:

To centrally manage security in locations throughout India & Sri Lanka.

Corporate policies were embedded in to the software process guidance, giving operators step by step guidance to resolve incidents. IPSecurityCenter™ allows the seamless addition of other regional offices enabling the head office to ensure policies are adhered to throughout all satellite offices. Additionally they have the ability to upgrade their facilities with new technology as it becomes available.

Integrating:

- GE PicturePerfect 4.0 – Access Control
- GE DVRme – Video Management
- Siemens – GSM Modem
- Sony – Video Management
- Barco - Video wall
